SUMO CAPITAL, LLC (PLUTUS TRADING)

Chicago, IL

Trader

January 2015 – July 2015

- Electronic and open-outcry Trader and market maker of the Volatility Index (VIX), VXX and Standard & Poors index (SPX) options
- Managed and held multi-million dollar positions across several option products as well as stock and futures positions
- Identified and managed risk parameters by evaluating position behavior and risk under various market scenarios
- Implemented custom volatility arbitrage spreads across VIX, VXX and SPX index options through historical and current data analysis
- Analyzed financial contracts and set pricing levels for their purchase and sale
- Responsible for purchasing and selling thousands of index option contracts daily
- Conducted technical data analysis and financial modeling of market trends to identify profitable strategies and coordinated their implementation into our group portfolio
- Monitored international markets overnight in order to capitalize on (protect against) large global events and market movement
- Oversaw portfolio management costs and operational accounting by creating Microsoft Excel spreadsheets to evaluate automated, daily financial reports
- Conducted business while maintaining regulatory compliance within the trading firm, the Chicago Board Options Exchange (CBOE) and larger governmental agencies such as the Securities and Exchange Commission (SEC)

WALLEYE TRADING

Chicago, IL

VIX Options Trader

February 2008 – March 2014

- Market maker and trader for multiple proprietary hedge fund accounts in the VIX product on the CBOE
- Executed trades (purchases and sales of financial contracts) via open outcry and electronically in all VIX option series
- Managed positions by hedging futures, conducted volatility analysis and established, evaluated and maintained various risk parameters
- Monitored position balances and out-trades with both clearing firms and intra-fund accounts
- Accurately and rapidly calculated appropriate option pricing through real-time market data analysis in a fast paced and often stressful work environment
- Coordinated the implementation and integration of two different trading systems and provided planning, guidance and proposed modifications in their development
- Managed multiple tasks, including, but not limited to, mentally pricing financial contracts, responding to customer requests for quotes, data entry, and clearly communicating market conditions to colleagues and competitors

TOP HAT AMPLIFICATION

Apex, NC

Amplifier Technician

August 2007 – December 2007

- Constructed and tested handmade instrument amplifiers from electronic schematics and layouts
- Repaired and improved damaged and old amplifiers under warranty
- Coordinated packaging and shipping of products to worldwide distributors
- Assisted in updating current amplifier designs and developing new products

WALLEYE TRADING

Chicago, IL

Arbitrage Clerk

September 2006 – August 2007

- Relayed timely market information electronically, verbally and through hand-signals to both off and on floor traders in multiple financial products
- Resolved position discrepancies and out-trades (trade reconciliation) in multiple products and kept all traders informed of current positions

- Prepared daily Microsoft Excel reports of option contract inventory sheets and position summaries to prepare traders before the market opening
- Handled hardware and software system problems and oversaw implementation of solutions and fixes
- Responsible for back-office duties, reporting daily account positions, trade errors, record keeping and filing, running errands and completion of all other miscellaneous, day to day tasks
- Taught the skills and procedures of being an Arbitrage Clerk to two junior clerks, monitored their development and served as their supervisor
